EXPERTISE

Ariel Ben Hattar is a partner at our Geneva office, where he is a member of the Capital Markets and FinTech groups. He regularly advises listed companies, investors and market infrastructure operators on transactional and regulatory matters, including capital market transactions, market conduct and disclosure requirements. His expertise extends to innovation in financial technology and the use of distributed ledger technology in financial markets. Ariel is also the secretary of the Executive Committee of the Capital Markets and Technology Association (CMTA) that develops standards for the use of new technologies in this sector.
