EXPERTISE

Hana Mitterrutzner is the head of reception and event management at our Zurich office, having joined in 2016 as a receptionist. After a year, she progressed to her current role where she oversees 14 people across reception, logistics and the kitchen, ensuring our firm is presented in the best possible light. Working in a team has always been Hana's strength and, as a graduate in product and event management, she especially enjoys organising and bringing a special touch to events.
